

AI Challenge (Applied AI/ML Challenge)

Teams are given a real-world dataset and problem statement (e.g., prediction, classification, or generative task) and must design, train, and present a machine-learning solution that is evaluated on accuracy, creativity, and clarity of insight.

Rules & Specifications

Team Composition	Maximum 2 to 4 members per team.
Format & Duration	Dataset and problem statement are released at contest start; teams have 6 hours (on-site) to build, evaluate, and document their model.
Tools & Frameworks	Any programming language and ML/DL framework (e.g., Python, scikit-learn, TensorFlow, PyTorch) may be used. Use of pre-trained models or LLM APIs is permitted only if explicitly disclosed in the submission report.
Data Rule	Only the officially provided dataset may be used for training; augmenting with external labeled data that leaks the answer is prohibited and will be disqualified.
Submission Requirements	• Source code/notebook with a reproducible pipeline. • A short technical report explaining approach, feature engineering, and results. • Final predictions submitted to the leaderboard before the deadline.
Scoring	• Leaderboard performance metric (accuracy / F1 / RMSE as defined per track) — 70%. • Presentation, interpretability, and originality of approach — 30%.
Penalties	Leaderboard probing, submission of near-duplicate accounts, or undisclosed use of pre-trained/generative models results in disqualification.

Registration & Prize

REGISTRATION FEE	PRIZE POOL
------------------	------------

Early Bird: Rs. 2,000 | Regular: Rs. 2,500

Up to Rs. 35,000

General Rules — Applicable to This Category

- **Strict Punctuality** — Teams must report to their arena, lab, stage, or table 15 minutes before their scheduled heat or session. Late arrival results in automatic forfeit.
- **Fair Play & Sportsmanship** — Abusive behavior, argument with referees/judges, or unsportsmanlike conduct leads to immediate disqualification.
- **Original Work** — All code, models, designs, and submissions must be the team's own original work produced within the stated contest window. Plagiarism or use of undisclosed pre-existing material leads to disqualification.
- **Network & Infrastructure Integrity** — Attacking, disrupting, or attempting unauthorized access to event Wi-Fi, judging platforms, gaming servers, or another team's systems/devices is strictly prohibited and may result in disqualification and legal action.
- **Judge's Decision** — The decision of the technical panel, head referees, and judges is indisputable and final.

These rules are issued by the Capital Youth Expo organizing committee and apply alongside the master rulebook. The committee reserves the right to modify rules, time limits, or format if necessary. Judges' decisions are final and non-contestable.
